Situation shelter

What an amazing place to give
shelter to girls!

7 large rooms, a community center
and a large garden.

We formed a project team with 2 architects
and an electrical engineer / constructor.

They are preparing a plan with the costs
estimates and scope of works.

The inventory is finished, now we are
waiting for the results.

Excited to see what the outcome will be!

Shelter in our home

Matrasses, Buy 1, take 2

Girls already asked for help, so we decided to invite them in our
house. We offer them another way and also practical help like
emergency dental care, enrolment for a school, use of a laptop, or
looking together to possibilities for a better future.

Some girls only came for a visit, since July we had also girls
staying for 1 night, a week or more than 2 months. In some cases
the wages in the bar or the graving for drugs was so heavy that
they decided to go back to the bars. In other cases there was a
heavy pressure from their poor families to transfer money.

We also have contact with girls we invite for a lunch outside to
see if we can move forward to another future.

Thank you so much for ate and kuya for your
kindness and talking care of ME and helping me
to finish my studies so that I can change my life
thank you also for being there and guiding me and
especially for treating me like your own daughter.
.im very thankful and feel lucky because I meet
you po. I love you always muahh 🥰🥰🥰

We brought one of our
rescued women to a
good Christian rehab.
After a 1 year program,
we hope to welcome her
in our SHINE shelter!

Can we study?

A new
home?

Can you help me?

OUTREACHES

An amazing story!

Someone of our prayer group received a word from God for us. Go outside this evening and you will meet a pregnant girl whose baby is in danger. We started praying and even received a girl's name!

So we went to Walking Street and a young pregnant girl caught our eye. She was talking with 3 old men. We caught her attention and took her home. Just 16 years old and 7 months pregnant and she already had a name for her baby. This was exactly the name we received earlier from God!

Her story is horrible and too much to share here. In short: as a baby given away to an aunt by her addicted mother. In this poor family with 6 children of their own, she never felt welcome and ran away every time. Now she stays temporary with the family (also poor) of the 15 year old boy who made her pregnant. His new girl friend also lives there.

We want to take care of her but she is a minor. Our partners also don't have permission to take care of minors. This is the main reason that we decided to raise our own NGO and organization with a shelter. Here we also can take care of her and other minors. People say it's impossible and that the requirements for minors are very high.

But God has spoken. And He really touched our hearts for this minor girls and their babies!

Almost 8 months pregnant. Visiting us and taking a rest is fortunately allowed. Buying a baby trousseau, then washed by hand. We also visit clinics for tests and ultra sound and support her. You are so loved and welcome!

OUTREACHES

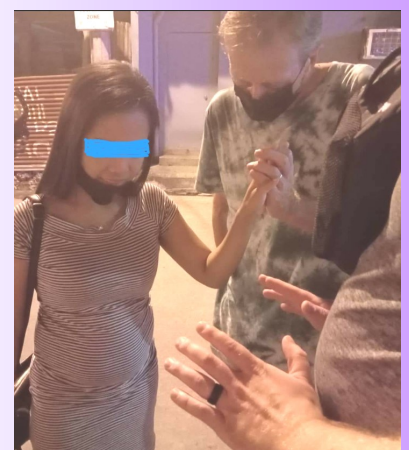

11 and 13 year old, sleeping on the streets in the early morning. Active at night with begging and pleasing drunken bar customers. They sniff glue (rugby) to get high and to keep it up.

With our church packing 800 meals and distribute them to the girls in the bars.

Prayer on the streets for a pregnant woman, still active for the need of the money.

A lot of encounters with girls inside and outside the bars. Step by step exploring how we can help them with a chance to change.

OUTREACHES

By establishing relationships, we try to find out if changing to another future is possible.

Sometimes we hear about a girl's birthday, we surprise her at work with a present.

Because we live in the prostitution area, we also have contact with women during the days.

Her number is on her tag. This is the way to order her from the stage ;(

When we are not too busy with our own mission, we are volunteers in our local church. We help with packing and distributing meals to bars, to children in slum areas or to inmates in police stations. The first time this was really a shock. 30 men in one police cell. With every visit the church is allowed to share food and to pray. Sometimes at the other side of the cell bars but at another station the police opened the cell door and said: "go ahead", just like a movie!

With the motor (kulong kulong) bringing food to the children and police stations.

Experiences

Margareth joined a training how to make puppets. These will be distributed to small churches on the islands for their children ministry. Jan climbed a mountain with 2 girls and a guide. And the free trip to the Mexico conference with many thanks to Alabaster Jar!

Experiences

38 year wedding anniversary

A lot more to share but this newsletter can not contain it all.... We love this country and above all we love Jesus! He is doing great things in the lives of many people.

Thank you so much for your support and commitment!

PRAYER POINTS

-  Gratitude for a free trip to Mexico, 45 hours flight via Bangkok, Amsterdam, Paris to Cancun. We managed all transits, had an awesome conference, and met our daughter, son in law and our grandchildren.
-  That SHINE can take care of minors independently
-  That the technical plan is easy to do and that the budget will become sufficient
-  That girls will continue their studies and finish the rehab

We are building:

- A new website (planned December live)
- A formal organization (dependable on many authorities and requirements)
- A shelter (compliant for all regulations to take care of minors)
- A network to cooperate with in the near future.
